PROGRESS REPORT FORM

Progress Report Number: 1

Date of Consultation: October 22, 2021

Complete Research Title: The effectiveness and differences of using an SRS-based memorization software in comparison to conventional memorization strategies

Strand and Section: Stem 12- A

Research Proponents:

	Surname, First Name, MI.	Signature
1	Campos, Lawrence E.	<i>Lawrence</i>
2	Francisco, Eliseio M.	<i>E. Francisco</i>
3	Lee, Austin Walter C.	<i>Austin Lee</i>
4	Young, Hendrik Isaiah S.	<i>Hendrik</i>

Project-related activities done <briefly describe each of the tasks you did from the date of the last meeting/consultation; these include completed and ongoing tasks, e.g., purchase of (equipment), design of (instrument) for (purpose), training in (title of training), survey of (participants), and so on.>	1. Discussed, clarified and finalized the informed consent form that we presented. 2. Discussed about the number of items and duration of the test. 3. Discussed and clarified things about the research ethics clearance. 4. Contacted and informed the Earth Science Teacher about our Study.
Problems encountered and corresponding actions taken	
Meeting/Consultation discussion notes	1. Ask the Earth Science teacher about the number of items, type of test and the duration of the test. 2. Revise and fix the format of chapters 1,2 and 3
Targets for next meeting	1. Report about the discussion that we had with the Earth Science Teacher 2. Revise or fix the formatting of Chapters 1, 2 and 3 3. Talk about the Post-tests, pre-tests and review materials
