

# Educational Game Experience Survey: "Wiz's Journey" : Inchican Summative Playtest

You are invited to participate in a research study evaluating an educational game developed as part of an undergraduate thesis in Game Development. The purpose of this study is to assess the game's usability, engagement, and overall player experience. Your participation is voluntary, and you may stop answering the survey at any time without penalty. The survey will take approximately 5-10 minutes to complete.

Your email address will be collected for research documentation purposes, to prevent duplicate responses, and for possible follow-up clarification or sharing of study results. Your email will not be published or disclosed in any report. All responses will remain confidential and will be used strictly for academic purposes. Data will be securely stored and accessed only by the researcher and thesis advisor.

By proceeding with this survey, you confirm that you understand the purpose of the study and voluntarily agree to participate and if you are a minor below 18 years of age, have acquired parental/guardian consent. (If so, kindly input your parent/guardian's email instead)

If you wish to participate in a chance to win in a two winner Php500 raffle, kindly follow the instructions at the end of this survey!
